Test Report

1.0 Test of GUI

1.0.0 Summary of testing

This document outlines the tests carried on Marks Tracking in LearnEasy

1.0.1 Prerequisites

Completion of LearnEasy

1.0.2 Test importance

Medium

1.0.3 Test results

Test Case	Expected Results	Obtained Results
Move to previous and next pages without answering all questions	A warning is displayed if user tries to change page (next or previous) without answering every question.	Passed
Allow display message to appear and tick permanently hide box. Try and make message reappear by skipping to pages without answering questions and reload lesson.	The warning that is displayed when all questions are not answered can be permanently hidden.	Passed
Visually check marks awarded for each question against XML	The number of marks awarded for a question is the same as the number of marks defined in the XML for that question.	Passed
Use system print out line to check the marks awarded for each page, against questions answered in LearnEasy	The number of marks on a page can be calculated.	Passed
Use system print out to check total marks awarded when the finish tab is selected against all questions answered	The number of marks obtained in the lesson can be calculated.	Passed

1.0.4 Changes made due to test

1.0.5 Additional comments on test
