Test Report

1.0 Test of Video Handler

1.0.0 Summary of testing

All of the tests for the TeachEasy login were manual (visual) tests.

1.0.1 Prerequisites

The TeachEasy login dialog box should be completed

1.0.2 Test importance

Medium

1.0.3 Test results

Test Case	Expected Results	Obtained Results
Providing the saved credentials to the appropriate text fields to login.	Correct credentials should allow the main LearnEasy program to run	Passed
Providing incorrect credentials appropriate text fields to login.	Incorrect credentials should prevent the main LearnEasy program from running until correct credentials are provided	Passed
Providing incorrect credentials appropriate text fields to login.	The text fields should be cleared. A message on the same dialog box should be displayed notifying the user of the submission of incorrect credentials	Passed
Case sensitivity of the user name and password	Denial of login upon submission of incorrect case of either/both user name and password	Passed
Closing the dialog box using the red "X" button on top right corner of the window	Loading of LearnEasy should terminate	Passed

1.0.4 Changes made due to test

1.0.5 Additional comments on test

Passed all tests. The login page for LearnEasy works as intended.
